

# CReaTING

## CReativity and CRitical Thinking in Translation and InterpretING

### Call for papers

#### CReaTING

#### **Creativity and Critical Thinking in Translation and Interpreting**

Creatividad y pensamiento crítico en traducción e interpretación

16-17 October 2025, University of Alicante (Spain)

CReaTING is an International Conference organized in the framework of the "CC-TRANS, Creativity and Critical Thinking in Translation" research project (GRE22-03A) by researchers of the University of Alicante.

This call for papers is open to lecturers and researchers, as well as early-career researchers and working professionals. Proposals can be written either in Spanish or English and must be sent using the form available on the project's website: <https://web.ua.es/es/cctrans/creating-2025.html>. Proposals must include:

- abstract (300-400 words including title and keywords),
- affiliation,
- references (if any),
- short biographical note (max 50 words)

After the Conference, authors will be able to submit their full manuscript for peer review by the International Scientific Committee. All papers that pass this evaluation will be published as a monography by a prestigious publishing house.

Topics of interest include:

- Translation and creative writing
- Translation and Interpretation as creative processes
- Creativity and machine translation
- Creativity and literary translation
- Creativity and specialized translation
- Creativity and interpreting

- Gender mainstreaming of creativity and critical thinking in translation and interpreting
- Translation, transcreation and adaptation in multimodal contexts
- Creative approaches to research in translation and interpreting
- Creative thinking in the training of translators and interpreters
- Critical thinking in the training of translators and interpreters
- Critical thinking and problem-solving in translation and interpretation
- Creative and critical thinking in translation and interpretation
