## Relevance Theory

Recent developments, current challenges and future directions

Edited by Manuel Padilla Cruz

University of Seville

How hearers arrive at intended meaning, which elements encode processing instructions in certain languages, how procedural meaning and prosody interact, how diverse types of utterances are interpreted, how epistemic vigilance mechanisms work, which linguistic elements assist those mechanisms, how a critical attitude to information and informers develops when a second language is learnt, or why some perlocutionary effects originate are some of the varied issues that have intrigued pragmatists, and relevance theorists in particular, and continue to fuel research. In this collection readers will discover new proposals based on the cognitive framework put forward by Dan Sperber and Deirdre Wilson three decades ago. Their gripping, insightful and stimulating discussions, combined in some cases with meticulous and in-depth analyses, show the directions relevance theory has recently followed. Moreover, this collection also unveils fruitful and promising interactions with areas like morphology, prosody, language typology, interlanguage pragmatics, machine translation, or rhetoric and argumentation, and avenues for future research.

### Table of contents

#### Introduction

Three decades of relevance theory  
*Manuel Padilla Cruz*

#### Part I: Issues on procedural meaning and procedural analyses

The speaker's derivational intention  
*Thorstein Fretheim*

Cracking the chestnut: How intonation interacts with procedural meaning in Colloquial Singapore English  
*Lah Junwen Lee and Chonghyuck Kim*

Reference assignment in pronominal argument languages: A relevance-theoretic perspective  
*Helga Schröder*

Conceptual and procedural information for verb tense disambiguation: The English Simple Past  
*Cristina Grisot, Bruno Cartoni and Jacques Moeschler*

#### Part II: Discourse issues

Relevance theory and contextual sources-centred analysis of irony: Current research and compatibility  
*Francisco Yus*

Distinguishing rhetorical from ironical questions: A relevance-theoretic account  
*Thierry Raeber*

#### Part III: Interpretive processes

Relevance theory, epistemic vigilance and pragmatic competence  
*Elly Ifantidou*

Evidentials, genre and epistemic vigilance  
*Christoph Unger*

#### Part IV: Rhetorical and perlocutionary effects of communication

Rhetoric and cognition: Pragmatic constraints on argument processing  
*Steve Oswald*

Perlocutionary effects and relevance theory  
*Agnieszka Piskorska*

#### Conclusion

Some directions for future research in relevance-theoretic pragmatics  
*Manuel Padilla Cruz*
